

# Surveillance Workflow – Pt Designation Tree 4/13/20

EYETOOTH Workgroup ↑

Surveillance Workgroup ↓

Make Surveillance Call. Within Telephone Call Template Reason designate pt as "Waiting for Test Result"

Continue surveillance call once per day until test results available or pt requests otherwise

Patient receives daily surveillance call designated in telephone call template reason as 'Monitoring after Positive Result'. Patient needs to be isolated until (all three):

- 1.No fever for 72 hours WITHOUT the use of fever reducing medication
2. Other symptoms have improved (cough/shortness of breath)
3. At least 10 days have passed since symptoms first appeared
